

CAPITA

Translation and Interpreting

F A S T

Capita Translation and Interpreting provides a F.A.S.T range of language and localisation services:

FAST - We understand that in a fast moving, international industry where dynamic content is becoming the norm, the turnaround times for many projects can be very tight, and that customers cannot often predict the volume of work required in advance. Our worldwide network of linguists, combined with our innovative technologies and agile workflows ensures we are ideally placed to respond to the need for additional capacity in short time-frames.

ACCURATE - We use linguists that are experienced in specific sectors and in translating certain types of content, ensuring your message is accurately conveyed in your target language, protecting your brand from any PR or legislative nightmares.

SECURE - We take privacy and confidentiality very seriously, and ensure that your Intellectual Property is protected at all times. All the documents we handle remain under strict privacy guidelines. Our clients trust us implicitly with their work and return to us time after time.

TWENTY-FOUR-SEVEN TRANSLATION SERVICE
As your staff are located worldwide, we understand that requirements may arrive at any time of the day, 365 days a year. Our 24 hour support team based in Manchester is supported by Project Managers in different regions.

OUR LANGUAGE SERVICES

TRANSLATION, EDITING AND PROOFREADING -

Enabling you to communicate accurately in other languages by using native speaking, in-country linguists with relevant industry experience.

WEBSITE LOCALISATION & MULTILINGUAL SEO -

Translating web content, and adjusting all necessary features to conform to the needs of the target audience's culture and engagement with your website. Supporting powerful website localisation for anyone who wants to maximise their online presence in other languages or in new geographic locations.

TRANSCREATION & MULTILINGUAL COPYWRITING -

Ensuring that your marketing and advertising campaigns translate across languages and cultures.

INTERNATIONAL BRAND CHECK - Providing you with full assurance that your product, service and brand will work in your chosen market through country or language specific research.

MULTILINGUAL DTP - Recreating your high quality marketing and sales collateral, technical handbooks and training material with translations into your target languages.

MULTILINGUAL AUDIO-VISUAL - Producing localised video content for training, promotion, advertising or demonstration purposes (voice-over and subtitling).

INTERPRETING - Enabling any organisation or individual to communicate with one or more non-English speakers in a range of situations, via the use of experienced linguists and reliable face - to - face, conference or telephone technology.

MACHINE TRANSLATION AND POST-EDITING - Allowing for fast turn-around times and cost reductions by combining innovative technology with expert linguists.

Quick Facts
