Other enquiries / Rare languages information

This list is subject to change as per interpreter availability. Please note that some languages may not be available at the time of your call or in your region. Rare languages may require longer interpreter connect times.

For more information about language availability, please contact your Capita TI Account Manager or the Customer Support team at 0845 367 7000.

*** Please note that these languages are available only as a pre-booked appointment.**

To check interpreter availability, please contact our team at livelinksupport@capita-ti.com (available during UK office hours) at least 24 hours before the appointment start time. We realise that may not always be possible, so if you provide less than 24 hours' notice, we will do our best to accommodate your request but may not be able to secure an interpreter in time.

Please provide the following appointment details:

- requested language
- preferred date and time (including time zone) of the appointment – will be confirmed depending on interpreter availability
- estimated duration of the appointment
- customer PIN
- requester name and contact details

Once the appointment is confirmed, please call your dedicated Capita TI number at the time of the appointment, choose the Telephone Interpreting option and follow the instructions. You will need your 6-digit customer PIN and the 3-digit language code from the above list.

**** These languages are available on demand, however, as they are rare, please be aware that we cannot guarantee 24/7 interpreter availability. We recommend that, if possible, you provide advance notice of the appointment, so we can check interpreter availability. Please send the appointment details (refer to the list above) to livelinksupport@capita-ti.com.**
